BELOVED SAINT GERMAIN'S DISCOURSE

Through Mr. G. W. Ballard

Cleveland, Ohio March 13, 1938

"I AM" Ascended Master Youth

BELOVED ASCENDED MASTER YOUTH OF AMERICA! How I love that Name for you! May I ask everyone of you to secretly, in your own Heart, *feel* That as the Mighty Truth of your being! *Feel* that you *are* the Ascended Master Youth of America. Cherish that Secret within your own Heart. Do not talk about it outwardly with others who do not understand that you are the *"I AM" Ascended Master Youth of America,* but in the Secret of your own Heart, *cherish It!*

Let that Power gather all that it means to you and in your Life; for remember, those Words are the Ascended Masters' Words, the Cups which carry Their Qualities into your world, and into your body. I assure you, every one of you Precious Ones, who would cherish and *feel* the Ascended Masters' Qualities deeply within your feeling world, within your own Heart, would quickly begin to outpicture that Beauty and Perfection which the Ascended Master is!

I want to tell you that it is rarely that you find Words together that bring the continuous *feeling* of those Ascended Master Qualities that those Words do. We have been watching Its Vibratory Action since those Words were first mentioned, and the increasing intensity of Their Activity in your minds is remarkable. Therefore, this evening, I take advantage of this opportunity in suggesting the importance of It to you.

Just think! *Feel with Me for a moment! The "I AM" Ascended Master Youth of America!* Think of It! One of the most Powerful Things; and will you, young people, in your Decree Work, and I speak especially to the young people tonight—of

course, it is very beneficial for the others to do the same thing, but especially the Youth; if you will have your Decrees charge forth into the mental and feeling world of America, those Qualities contained in those Words, *The "I AM" Ascended Master Youth of America*—make your special effort to charge That forth into the mental and feeling world of the young people of America, and you will find the effect will be beyond your fondest dreams. Anyone else who cares to do That would find Great Blessing and Benefit from It.

I say to you, because you, as the Youth of America, now you can retain that fullness of youth. You don't have to take on the appearance of age in your bodies, and I want you today to understand that one point above all else. Please, because your eyes see the appearance of age, and the blessed ones who have accepted it and have grey hair and all of that, notice today how few people are picturing age in the face! Look among the Students and see how the face has filled out, and the wrinkles disappear, because of the harmony in the feelings. Now you today, as the Youth of America, need not take on those qualities into your feeling world that outpicture in the flesh. Will you take your firm stand against growing old? Instead of showing the appearance of age, show greater Beauty and Perfection all the time. Because of the Light of your "Presence," be Its outpicturing in the flesh. You *can* do this, and you will then be the outpicturing of the Perfection of the "Presence" to the World. Mankind needs to see this to hold the attention upon it. Individuals need to see that you are really being the example of the Perfection which the "Great Presence" and the Ascended Masters are.

We have been observing the activity throughout America and the World. Within the last few days We have been in Germany, Russia, France, England, and some of the other countries, seeing the poison that has been spread in the feeling world of those young people. Really, it is something that would almost

wrench the Heart, even of an Ascended Being. We see the magnificent youth of those countries whose minds are poisoned by this false pretense of the solution to the problems of the World. It is just drawing them into the mesh of a venomous thing, which will one day be their destruction.

I tell you, Beloved Ones, Europe stands in the most dangerous position today that she has ever stood in her history. While the Focuses of Light are small in the various countries, yet if it were not for Them, there would not be a hope for Europe today. I tell you, Beloved Ones, you have no idea what a small Focus of Power does! In that nucleus of Students in Belgium, through whom We are pouring the Power of Light to the limit, and pouring Its Radiance out everywhere, It is doing tremendous Work, and your Call over here is doing many wonderful things.

Stand as never before, in the acceptance of the Power of Light to take command of the minds and bodies of the people of Earth. Trust the Great Cosmic Light, as has been promised by the Mighty Arcturus and by the Great One whom you have come to know now as the Goddess of Liberty. They have said, *If necessary, that Cosmic Light as of a Thousand Suns will descend into the Earth, and dissolve all human selfishness and discord from the Planet!"* That is the hope for mankind today.

Therefore in all your Work, in all the Power of your Radiation you call forth, and the Calls you make, remember that you are speaking to this Power of Light! The Ascended Masters, the Legions of Light, and the Great Cosmic Beings are but Activities of that Great Light. I have observed that among the Students and individuals, who are beginning to feel that when they call to the "Presence," this is Light that goes forth, and the Power and Results from their Calls are far more powerful than those who do not think of that which they are calling forth as being Light that knows no resistance.

You see in your Application, Beloved Ones, you need to

feel in your feeling world that there is no resistance to this "Presence," which is Light, that you are calling forth to perform this Service for you. It is always ready and willing, provided you give the needed harmony in your feeling world, and maintain it. But to have a feeling in the outer consciousness or intellect, and your feeling world, that this Power you are calling forth is Light Substance that is Intelligent, then you know that there is no human creation, no condition in the outer world that even attempts to resist It.

Now just one illustration: In the jungles of Africa and India, those great serpents, or those wild animals that would tear the ordinary human being to pieces in a flash, in the Presence of the Ascended Masters, have not even the desire. That shows the Power of the Radiance of this Light.

Just as this good brother in handling the panther, the Love that went forth was the Governing Power, and of course, the fearlessness that came with That—what was That? The Power of Light—a Light Ray that was the Intelligence of the "Presence," directed by the Higher Mental Body. That is what goes forth when sufficient harmony is maintained in the feelings, into your activity, your business, or whatever you are doing, or your attention is fixed upon. That is a Ray of Light Substance going forth, and the outer world of mankind has no desire to resist, because it knows it cannot. Just as when you turn the light on here in the room the darkness disappears; just as all destruction, when the Light appears, knows there is no resistance, because darkness always gives way before the Light, and there is no struggle.

Therefore, as this Great Light is called forth to bless and harmonize mankind, It is the only Solution of the problems of mankind today that can be permanent. As you build up a Power in your individual world of Activity as the Ascended Master Youth of America, you will so charge your feeling world, and the Radiance that goes forth with that Quality of the Ascended

Master Youth of America, that your body will not outpicture age, and you will pour forth to all you come in contact with that Infinite Power, which is the *"I AM" Ascended Master Youth of America!* and which outpictures everything It means to you and the world about you.

Beloved Ones, I greet you, *My "I AM" Ascended Master Youth of America!* And one day We shall be able to say, *My "I AM" Ascended Master Youth of the World!* You, today, who are the nucleus for That, with all the earnest determination of your being, *call forth the Power of your "Presence" to pour That forth to mankind in the mental and feeling world everywhere!* Oh, will you not feel today, *My Ascended Master Youth of America,* that when you are calling this Power forth, your "Presence" is the Governor of the Universe, as well as your individuality? There is no limit to Its Power that will go forth at your Call.

You, perhaps, see or feel but a fragment of Its Action. How can you say to Me Its Infinite Power goes forth with only that of which you are aware? It goes forth at every one of your Calls, and never let your intellect, for a single moment, think that a Call of yours has not been answered, or you do not have the Full Power in your Call to call It forth!

As you come to know This and ask It to be sustained, then you will find that Power goes on and on and on into Its Mighty, Eternal Activity, producing greater and greater Harmony, Perfection for you, and all about you. Do you see then how you are—I do not wish you to feel this individually—but how you are, to that degree, responsible for all that you pour forth to mankind? When you allow the Powers of the "Presence" to pour forth with no consideration, except the pouring forth of Blessing, then you become a Pillar of Light through which the "Presence" pours Its Radiance everywhere to bring this Blessing, and hundreds of people will be blessed by you as you move among mankind, unknown to yourself or them. That is what it means.

Why do the Ascended Masters come in Their tangible bodies in your cities? Recently I have so often moved in the tangible body to pour forth that Radiation, because everywhere We move that Ascended Master Radiation goes forth. That is sustained there; and that is how We often dissolve conditions that the World never dreams of, and That comes in a Focus of Activity and Power that would destroy the conditions in which It gathers.

Therefore, today in the opportunity which is yours to call forth the Magnificent Power of the "Presence," *remember your "Presence" is not limited! NEVER!* Therefore, as you make the Call, Its Power flows forth through you into your feeling world by the Power of Radiation that carries Its Blessing everywhere. So today, as you find this Power of Light surging within you, and even as you feel the Currents charge forth at your Call to the "Presence," do not ever let any sensation of the body cause you to feel anything but rejoicing! Because as you call forth this Power in Its ever-increasing Activity, you will find the Glory of that Power of the "Presence" is an Electrical Force. That is the Charge of all that brings the Glory into your world, and if It acts sometimes in a tangible manner as electrical currents, then accept It as the Full Power of the "Presence."

Never let yourself requalify any of that Magnificent Energy with anything that is harmful, because It can only produce Perfection for you as you make your Calls more and more.

I congratulate you, My Beloved Ascended Master Youth of Cleveland and Detroit! You are releasing tremendous Energy, tremendous Power, tremendous Accomplishment! Keep it up; then you will find surely and steadily gathering about you the Youth whose Light brings them into your midst. *Don't ever urge anyone to come into this Light, just let the Light within them bring them in, and then you will have drawn in the "I AM" Ascended Master Crusader Youth of America, and That is what you are really becoming!* Wonderful is your opportunity, and

Great indeed is Our Gratitude and Rejoicing.

If it were possible for Me to feel disappointment, I should have felt it the last two days in Europe. Documents and Treaties which I was responsible for were ignored by the wild fanatacism of a destructive force. But We know no disappointment; and so many centuries I have tried and tried and tried to help mankind, and today in Beloved America, for the first time, I am finding real Response, real Loyalty, and real Determination to stand by that Power of Light which the Ascended Masters represent, to bring the Glory of Its Perfection to the World and to mankind.

Beloved Ones, try for a moment to feel with Me all that means to America and the World, all that it means to the Perfection of your own individual world; and glorify yourself with That, sustained in Its ever-increasing Power and Activity that will fill your world with the Happiness that every Heart craves and knows should be there.

Only as harmony is maintained in your feeling world will that Great Light of the "Presence" bring that Perfect, Complete and Full Happiness which is intended for every human being in human form, and only because mankind has not understood, have they failed to experience that Glory and Happiness which is for everyone.

The Messengers have come to know what That means in the continued, maintained Harmony in Their feelings, and the refusal of acceptance even of the distressing calls that come, still They stand and hold that without the Circle of Their Being, and the Powers of Their "Presence" flow forth and give the Assistance which It could not if Their feelings were disturbed. Will you not take that same attitude to the outside world and your own world, and keep such Harmony in your feelings, that no matter what the provocation, allow the Powers of the "Presence" in Its ever-increasing Power to flow in and through you, and out into your world, and bring the Conditions that

make your Success, Happiness, and Accomplishment in your outer world of activity today?

It is no longer possible, Beloved Ones, to sit down and just consider one particular achievement, but in the arena of the World, you stand today calling forth this Power of Light into Action, that all the World may find Its Blessing by It.

Shall I say to you, Ascended Master Youth of America, and to the old occult students, this will be a shock; *no longer are the Retreats of the World accepting Students since I brought This forth into Action in the World!* The Retreats have decided to no longer accept Students, because This must become a dominant factor in the world of mankind, to bring Its Blessing into the arena of the outer world—*the Greatest Blessing of Initiation there is!* That is why, My Beloved Ones, you today are privileged beyond any Words, in being able to gain your Victory in the outer world of action.

You are being given today, through this Marvelous Instruction, everything that was given in the Retreats in ages past!

Therefore, in the Fullness of that Power of Light which is yours, your *Victory* is certain, sure, and limitless. *Will you feel It and accept It! Oh, feel the Power of this Light! Flood your being and world, and hold Its Dominion and produce Its Perfection forever!*

My "I AM" Ascended Master Youth of America and the World, I thank you, I love you, and bless you forever!
